INFORMATION FOR POSTMASTERS

(1) **Saint John-Moncton, N.B., Air Mail Service.**—The Saint John-Moncton, N.B., Air Mail Service was resumed on Monday, December 8th, 1941 (Route No. 7 in Air Mail Schedules, Canada P.O.). The frequency is two trips daily, each way, except Sunday.

The rate of postage applicable to mail conveyed over the above air mail service is as follows:—

6 cents first ounce, 5 cents each ounce after (if addressed for delivery in Canada)

6 cents per ounce or fraction (if addressed for delivery in the United States).

(2) **Treatment of Undeliverable or Unclaimed Letters mailed by Divisional Registrars of Department of National War Services.**—Letters mailed by the various Divisional Registrars of the Department of National War Services each bear on the face thereof a request that the item be returned to the Divisional Registrar at the point of mailing in the event that the letter proves undeliverable or is unclaimed.

It is reported that frequently such letters, which are undelivered or unclaimed, are returned to the Department of National War Services at Ottawa instead of to the Divisional Registrar concerned.

Postmasters are requested, therefore, to see that in future any of these items which prove to be undeliverable or are unclaimed are returned direct to the Divisional Registrar at the point of mailing.

(3) **Correspondence addressed to Bank of Canada, Ottawa.**—Postmasters are reminded that the Bank of Canada, Ottawa, does not enjoy franking privileges, and any mail addressed to that organization should be prepaid with postage in the usual manner, with the exception of packages of mutilated bank notes addressed to the Currency Division of the Bank of Canada, Ottawa.

Packages of mutilated Bank of Canada notes, mailed by Chartered Banks throughout Canada, addressed to the Currency Division of the Bank of Canada, Ottawa, may be accepted without prepayment of postage and registration fee, provided the package is stamped "Postage Due at Ottawa" by the senders, who have been supplied with a special stamp for that purpose. The necessary postage and registration fee will be collected at Ottawa on such items and the office of mailing will be credited with the revenue from these shipments.

(4) **Notice to Postmasters at Savings Bank Offices.**—Postmasters at Savings Bank Offices are reminded that they must exercise great care in identifying every depositor or applicant for a cash withdrawal from a Post Office Savings Bank Account. When the applicant for a cash withdrawal, particularly one presenting a passbook issued at another office, is not known to the Postmaster, the Postmaster must see to it that such applicant is identified by a responsible person in accordance with the provision made on the cash withdrawal receipt, the signature and address of such responsible person, who must be known to the Post Office, to appear on the receipt itself as indicated.

Postmasters who fail to follow this procedure expose themselves to the risk of financial loss if, through lack of sufficient identification, some dishonest person succeeds in making a fraudulent withdrawal by impersonating a depositor.

(5) **Notice to Postmasters at Savings Bank Offices.**—Under the authority of the War Measures Act an Order in Council has been passed to authorize the Post Office Savings Bank to accept deposits in sums containing cents when such deposits exceed \$1.00 in amount, this order to be effective for the duration of the War. Postmasters at Savings Bank Offices will, therefore, guide themselves accordingly.

(6) **Government Annuity Transactions.**—Postmasters who transact Government Annuity business are reminded that the number of their Post Office must be stamped on forms GA 100 which are forwarded under separate cover to the Government Annuities Branch, Department of Labour.

Post Office numbers are essential on all forms and vouchers relating to entries in the Cash Accounts whether or not these forms and vouchers are forwarded with the Accounts.

(7) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See Section 234, page 56 of the Canada Official Postal Guide.

(8) **Our New Year's Resolution.—Help War Savings Campaign.**—With 1942 on the threshold good resolutions are now in order. One of the best of these, which should be made, and religiously kept by every Postmaster and in fact by all Postal personnel concerned, is the patriotic obligation to sell more War Savings Stamps and Certificates in 1942 than ever before.

It may not be easy to keep this resolution, because Postmasters set so distinguished a record last year, and to surpass it is going to require even greater effort from every individual.

This effort is urgently called for, because Canada to-day stands in danger and requires every cent that her citizens can loan to purchase ships, guns, tanks, munitions and supplies to defend her very shores. This makes the increased promotion of the War Savings Campaign a primary duty.

Let each determine during the coming year to eclipse the record already set in 1940 and 1941 when the Post Office became a leading agency in War Savings promotion.

The ever-increasing need during 1942 must be met with ever-increasing effort.

If each makes it his New Year's resolve to increase his sales of Stamps and Certificates he will be dedicating himself to a work of National importance.

(9) **Similarity in Post Office Names.**—The Postmaster at Whitechurch, Ontario, reports that a considerable amount of mail is received at his office addressed "Township of Whitechurch". The Postmaster also advises that some mail has, in addition to the address "Township of Whitechurch" the further address "Bloomington", a former Post Office, the patrons of which are now served from Stouffville, Ontario.

Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail addressed to these points.

(10) **Air Mail to Africa via Miami and Brazil.**—Air mail service is now available via Miami and Brazil to Gambia, Nigeria, Gold Coast, Egypt, Belgian Congo, Uganda, Kenya, Tanganyika, Northern and Southern Rhodesia, Nyasaland, Mozambique, Angola and the Union of South Africa.

The frequency of the service will be twice a month.

Where air transmission by this route is desired, letters should be endorsed "Via Miami" and forwarded to Montreal to be included in air mails which will be made up by that office for despatch by this service.

Postage should be prepaid as follows:

Country	Rate per ½ ounce
Gambia, Nigeria.....	65 cents
Gold Coast, Egypt.....	90 cents
Belgian Congo, Uganda, Kenya, Tanganyika, Northern and Southern Rhodesia, Nyasaland, Mozambique, Angola, Union of South Africa.....	75 cents

Registration, if desired, is additional to the above.

(11) **Trans-Pacific "Clipper" Air Mail Services Interrupted.**—The trans-Pacific "Clipper" air mail services from San Francisco to Guam, Philippine Islands, Macao and Hong Kong, also to Canton Island, Fiji, New Caledonia, and New Zealand with connecting service to Australia have been discontinued.

Air mail service to Hawaii is being continued.

(12) **Mail Service to St. Pierre and Miquelon.**—The mail service between Canada and St. Pierre and Miquelon is at present irregular.

No information as to when the next sailing will take place is available. In the meantime mail may be accepted and given the usual routing but will be assembled at the port for despatch at the first opportunity.

Postmasters are requested to inform their patrons wherever possible that the steamship service is irregular and that mail for St. Pierre and Miquelon may be subject to heavy delay.

(13) **Mail Service to Japan Suspended.**—All mail service has been suspended to Japan, the Japanese Empire and Japanese occupied or controlled territories (including Karafuto, Korea (Chosen), Manchuria, Japanese Mandated Islands, Kwantung leased territory, Formosa (Taiwan), Japanese occupied China, including the whole of the Chinese Coast Line, International and French concessions at Shanghai and French Indo-China.

(14) **Mail Addressed to A.I.F. (Australian Imperial Force).**—It has come under notice that some Postmasters are refusing to accept mail addressed to the A.I.F. (Australian Imperial Force). This mail will be addressed to the "A.I.F. Abroad". In some cases the address may indicate Middle East, Malaya, or some such theatre of operations.

Postmasters are informed that any such items tendered for acceptance are subject to the rates of postage applicable to mail for the Armed Forces and should be forwarded to the Army Base Post Office.

Parcels may be accepted at the rate of 12 cents per pound up to 11 pounds.

(15) **Letters Addressed to Prisoners of War.**—The attention of persons sending letters to Prisoners of War should be drawn, whenever possible, to the importance of correct addressing.

Letters have been returned for the reason that they were incorrectly or incompletely addressed.

It is important that the Prisoner of War number allotted to the Prisoner by the German or Italian authorities should be included in the address and that the surname should be written in block letters.

It is unnecessary to give the British or Canadian Service number which is likely to be confused with the Prisoner of War number.

(16) **Parcels addressed to Members of Forces "C", "Y" and "W".**—Such parcels should be addressed as follows:—

- Regimental Number, Rank and Name,
- Name and details of Unit (Company or Section, Squadron, Battery, etc.),
- Name of Regiment or Branch of Service (must be written in full, not abbreviated),
- Force "C", or "Y" or "W" (as the case may be),
- Canadian Army Overseas.

EXAMPLE:

K-52937 Pte. John Blank,
"B" Company,
Bank Highlanders of Canada,
Force "C",
Canadian Army Overseas.

The rates of postage and the limits of weight on parcels addressed to members of these Forces are as follows:

Force "C".....	12 cts. a lb.....	up to 11 lb.
Force "Y".....	12 cts. a lb.....	up to 20 lb.
Force "W".....	10 cts. a lb.....	up to 20 lb.

(17) **Gifts for H.M. Forces in Malta.**—Advice has been received that gifts sent to members of H.M. Forces stationed in Malta will be admitted free of duty.

Exemption from duty in the case of tobacco is limited to 2 ounces at one time. Cigarettes must not exceed 100 at one time.

(18) **Food Parcels for United Kingdom not to be Insured.**—Parcels of food for Great Britain are not to be accepted for insurance.

(19) **Personal Postage Messages to Latvia and Lithuania.**—The service for Personal Postal Messages to enemy and enemy occupied countries has now been extended to Latvia and Lithuania.

(20) **Colombia—Bank Notes Prohibited.**—The Postal Administration of Colombia advises that ordinary or registered letters sent to addresses in Colombia must not contain money in cash, bank notes or valuables payable to the bearer.

The Colombian Administration will not deliver any items contravening this regulation unless the addressee pays a fine prescribed by Government decree. Any letters containing currency on which the addressees do not pay this fine will be returned to origin.

(1) **Franking Privileges for the National Film Board, Ottawa.**—Postmasters are informed that official correspondence mailed by or addressed to the National Film Board, Ottawa, may be accepted for mailing without payment of ordinary postage.

(2) **New Challenge in recent months Sell War Savings Certificates.**—The war has literally been brought close to our very shores. The spreading of the conflict has increased the obligation of every Canadian to keep his Government supplied with the adequate sinews of war—Money—that arms and equipment may be forthcoming upon which the security of Canada depends.

The increased threat furnishes an increased obligation for every Postmaster to sell more War Savings Stamps and Certificates, to devise special promotional methods to increase the sales, and to persuade patrons to renew their pledges, and to increase them whenever possible. There is no sounder or safer investment to-day than War Savings Certificates, and their increased sale is a patriotic obligation.

(3) **Australia and New Zealand—No Air Mail Service.**—A considerable number of air mail letters, prepaid at the rate of 90c. per half ounce and addressed to Australia and New Zealand, has recently been observed in the air mail received at Montreal for onward despatch.

The trans-Pacific "Clipper" Air Mail Services, with the exception of that to Hawaii, have, as previously advised, been discontinued, and there is no arrangement, at present, by which letters for Australia or New Zealand may be sent by air mail.

Postmasters will please cause due notice to be taken of the foregoing.

AMERICANS SERVING WITH BRITISH UNITS.—Gift parcels for Americans serving with British units may also be accepted at the special 12 cents rate, but are limited to 5 pounds gross weight and must not contain more than 2 pounds of any one foodstuff. Such parcels will be admitted duty free if, in addition to the usual address, the parcels are addressed in care of the following organization:

INFORMATION FOR POSTMASTERS

(1) **Air Mail to Unoccupied China.**—The air mail service via Miami, Brazil and West Africa has now been extended to unoccupied China.

The postage rate will be 75 cents per $\frac{1}{4}$ ounce. This rate, however, is temporary only and may have to be altered at an early date.

Air Mail letters for China should be endorsed "Via Miami and West Africa".

(2) **Personal Postal Messages to Enemy and Enemy-occupied Countries.**—The attention of Postmasters is again directed to the instructions regarding the handling of Personal Postal Messages which were issued to the service on the 15th April, 1941.

The Canadian Red Cross Society have reported the occasional receipt of such Messages, and Postmasters are, therefore, reminded that the Messages when completed are to be forwarded in an official O.H.M.S. envelope addressed to THE CHIEF POSTAL CENSOR, OTTAWA, ONTARIO, and not to the Canadian Red Cross Society.

(3) **Endorsement of Cheques Drawn in Favour of the Receiver General.**—Hereafter cheques drawn in favour of the Receiver General of Canada and which are accepted for deposit on Post Office Account by Postmasters from private persons or companies for the purchase of postage stamps, unemployment insurance stamps, meter impressions, government annuity contracts, etc., must be stamped with the office date stamp and endorsed "For deposit Only to the Credit of the Receiver General on Post Office Account" over the signature of the Postmaster.

The above does not alter the regulations of the Department in respect to Postmasters' responsibility for any loss that may result from their acceptance of unmarked cheques.

Postmasters are requested to exercise particular care in regard to these instructions.

(4) **New 24-Cents Unemployment Insurance Stamp.**—A new Unemployment Insurance Stamp of the denomination of 24-cents has just been issued, to take the place of the 25-cents Stamp originally proposed to be brought out. The new Stamp is to be used by employers in respect of persons holding certificates of exemption from contribution to the Unemployment Insurance Scheme.

Postmasters will please requisition for the 24-cents Stamps only when they have received specific requests for them from employers.

Holders of certificates of exemption have been advised that Postmasters will not carry these Stamps in stock unless they have received a request to do so.

(5) **Senders to Record on Postal Note Receipts the Value of Postal Note Scrip Affixed to Notes.**—Postmasters should instruct purchasers of Postal Notes to record on their Postal Note receipts the value of any Postal Note scrip affixed to a Postal Note.

Article 7, Page 200, Canada Official Postal Guide, and regulation 115 (c), Book of Financial Procedure for Accounting Post Offices should be amended accordingly.

(6) **Salvage of Used Postage Stamps.**—The Department is receiving consignments of cancelled postage stamps which are being sent in by persons who heard an appeal, said to have been made over the radio some weeks ago, in which it was represented that such stamps were valuable for salvage purposes as the dyes could be recovered from them.

Canadian postage stamps are printed from inks coloured by mineral pigments. They do not contain aniline dyes and it is useless to send them in for salvage purposes as the mineral colours they bear are not recoverable except at prohibitive cost. There is no shortage of the colours used in the manufacture of Canadian postage stamps.

The radio appeal mentioned above was not made on the authority of the Post Office Department of Canada, nor was the Department consulted before it was made. Perhaps it related to the stamps of Great Britain and was intended for the people of the British Isles. The Department regrets that it cannot make any use of the stamps sent in and advises the public not to forward further consignments.

POSTMASTERS ARE REQUESTED TO GIVE THE ABOVE AS MUCH PUBLICITY AS POSSIBLE.

(7) **More Books Required for Training Camps.**—Over 28,000 books for the use of our men in Training Camps in Canada and Newfoundland have been collected by the Canadian Postal Service.

While this seems like a lot of reading matter, it is far from filling the need and thousands more volumes are required for Camp reading rooms and libraries.

Honourable William P. Mulock, K.C., M.P., Postmaster General, who instituted the arrangement last autumn whereby every Post Office in Canada would serve as a "collection depot" for books for Training Camps, again requests citizens to co-operate in providing the additional books required.

It is well known that good entertaining volumes contribute greatly to the Camp life of our men in uniform and are highly appreciated by them.

Citizens are urged to again search their bookshelves for interesting books which would be most acceptable to the men in the Training Camps. The arrangement is confined only to books—not newspapers or magazines—and the books need not be addressed or wrapped. Simply leave them at the Post Office where a system is in effect for their distribution to Training Camps in Canada and Newfoundland.

POSTMASTERS ARE REQUESTED TO GIVE THE ABOVE ALL POSSIBLE PUBLICITY.

(8) **Fragile Bags.**—It has come to the attention of the Department that some Postmasters are using fragile bags for the despatch of ordinary parcel post matter. The Department desires that this type of bag be used only for fragile matter.

(9) **Entire wrappers of undeliverable catalogues to be returned.**—Postmasters are reminded that in all cases where undeliverable catalogues bear a request for the return of the wrappers to the Postmaster at the office of origin, the entire wrapper should be returned instead of only that portion bearing the name and address.

(10) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Lindsay, Ont.
McBride, B.C.
Pine Lake, Alberta.

Lindsay, California, U.S.A.
St. Brides, Alberta.
Pine Lake, Sask. (non-post office point).

Particular care should be exercised in the sorting of mail for these places.

(11) **Prohibitory Orders Cancelled:—**

"How Soviet Workers Spend Their Leisure."	A pamphlet in the English language by I. Korobov, published by the Foreign Languages Publishing House, Moscow, U.S.S.R.
"In Fact".....	A news letter in the English language, published weekly by In Fact, Inc., 19 University Place, New York, N.Y., U.S.A.

Postmasters are informed that the prohibitory orders against the above have been cancelled.

(12) **Prohibited Publications.**—Postmasters are informed that the following publications have been placed on the list of publications the transmission of which by post is prohibited in Canada:

"Katolikus Vilag".....	A magazine in the Hungarian language, published monthly at Kolozsvár, Hungary.
"19 De Julio" (July 19).....	A magazine in the Spanish language, published monthly in Mexico City, Mexico.

INFORMATION FOR POSTMASTERS

(1) **AIR MAIL SERVICE—Quebec and Montreal via Trois Rivières and Cap de la Madeleine.**
P.Q.—Commencing April 15, 1942, a regular air mail service was inaugurated between Quebec City and Montreal via Trois Rivières and Cap de la Madeleine, P.Q., on the following schedule:

Trip 4	(E.T.)	Trip 3
Dy. ex. Sun.		Dy. ex. Sun.
12.30 p.m.	Lv.....MONTREAL.....Ar. (Trois-Rivieres)	7.50 p.m.
1.10 p.m.	Ar.....(Cap de la Madeleine).....Lv.	7.10 p.m.
1.20 p.m.	Lv.....at Cap de la Madeleine.....Ar.	7.00 p.m.
1.50 p.m.	Ar.....QUEBEC.....Lv.	6.30 p.m.

Connections are made at Montreal with the Trans-Canada and United States air mail services and at Quebec with all mail trains. The above schedule has also been designed to serve afternoon mail deliveries in Quebec, Lévis, Trois Rivières and Cap de la Madeleine.

The rates of postage applicable to mail conveyed over the above air mail service are as follows:

6c. first ounce, 5c. each ounce after (if addressed for delivery in Canada).

6c. per ounce or fraction (if addressed for delivery in the United States).

(2) **Summer Mail Service to Yukon.**—Attention is invited to the fact that navigation in the Yukon will open about May 20. Surface conveyance of mail in the Yukon will then be resumed and Summer Service Parcel Post rates to the Yukon will again be in effect.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(3) **Form 67B Should be Used to Notify Publishers That Copies of Their Publications Are Undeliverable.**—Postmasters are reminded that when copies of a paper or periodical mailed by a publisher in Canada are, for any cause undeliverable at the address given, a notification on Form 67B (which passes free of postage in Canada) is to be sent to the publisher.

All numbers and letters on the address label or wrapper, the name and street address of the person for whom the newspaper or periodical is intended, and the reason for non-delivery must be given on Form 67B which form should also be legibly date-stamped.

Strict compliance with these requirements of the regulations will aid publishers in correcting their subscription lists and, therefore, be of material assistance in the present campaign to conserve paper.

(4) **Employers' Requisition Forms No. U.I.C. 419-420.**—Postmasters are reminded that it is their duty to see that Employers' requisition forms No. U.I.C. 419 (English)—420 (Bilingual) are properly completed when Unemployment Insurance stamps are purchased by employers. Care should be taken to see that the licence number of the employer is correctly entered. Under no circumstances should the number of an employee's Insurance book be entered in the space provided for the Employer's licence number.

Full instructions covering the completion and disposal of these forms as well as the regulations governing the sale of Unemployment Insurance stamps were furnished postmasters in circular letter of the 2nd June, 1941. Extra copies to replace those which have been lost or mislaid may be obtained on request to the Financial Superintendent, Ottawa.

(5) **Remitters to Fill in Particulars in Postal Notes and Receipts.**—Considerable unnecessary enquiry respecting payment and application for duplicates result from remitters' failure to observe the instructions on Postal Notes directing them to fill in the particulars in the Notes and receipts, and to keep the receipts.

Postmasters and issuing officers when releasing Notes will please invite purchasers' attention to these requirements in order to safeguard their remittances and reduce the volume of unnecessary correspondence of this kind.

(6) **Airgraph Messages.**—Airgraph messages may now be accepted from personnel of the Royal Air Force, Royal Navy and British and Allied Armed Forces serving in Canada, addressed to their families and friends in the United Kingdom.

(7) **Airgraph Service Extended to Middle East.**—As Canada is now linked by Airgraph Service with our Forces in the Middle East, it is possible to send Airgraph messages from this country to Canadian, British or Allied Troops in that theatre of war. Such messages are sent in original form to London, England, whence they are transferred by British Airgraph to their destination.

(8) **Salvage of Used Postage Stamps.**—In the April Supplement a notice appeared under the above heading, advising that no further consignments of used stamps be sent in to the Department for the purpose of salvaging dye stuffs.

It has been represented to the Department that the activities of certain philanthropic agencies, which are soliciting the public to send in used stamps for the benefit of children's hospitals in England, are suffering as a result of the notice referred to. Such stamps are reported to the Department as being recovered for sale to stamp dealers, and not for the purpose of salvaging the dyes they contain. The money derived from their sale is turned over to children's hospitals in England, which are greatly in need of financial assistance.

As the notice in April Supplement related solely to stamps sent in to the Post Office Department it has no reference to any used stamps sent for sale or salvage to any other destination.

(9) **Air Letter Cards for Correspondence with Prisoners of War.**—Air letter cards are now available for correspondence with prisoners of war in Germany and Italy.

A fee of 10 cents to be prepaid by a postage stamp affixed to the form will cover air conveyance in Canada, trans-Atlantic air conveyance, and transportation by all available air services beyond Lisbon, Portugal.

Forms may be obtained from the Postmaster.

(10) **Personal Postal Messages.**—Reports have been received to the effect that a number of Postmasters have been accepting Personal Postal Messages to countries to which the Personal Postal Messages service has not as yet been authorized. Postmasters are reminded that the only countries to which these Messages may be sent to date are—Germany, Roumania, Austria, Hungary, Italy, Yugoslavia, Czechoslovakia, Finland, Poland, Greece (including Crete), Norway, Denmark, Latvia, Holland, Lithuania, Luxembourg, Estonia, Belgium, Japan, France (occupied only), Manchuria, Channel Islands, Korea, Bulgaria, Formosa.

(11) **International Reply Coupons.**—With reference to the notice under the above heading which appeared in the Post Office Weekly Bulletin No. 1054, of the 17th May, 1941, it should be noted that the following countries should be added to the list of countries whose International Reply Coupons must not be exchanged:—Finland, French Indo China, Japan, Japanese Dependencies, Thailand, Macao, Netherlands East Indies, Malaya (which includes Federated and Unfederated Malay States) and Straits Settlements (including Singapore).

(12) **Mail Service to China.**—Attention is directed to the fact that a great many letters for China do not bear a complete address in Roman characters, (English, French, etc.).

The province is usually shown, but the office or place of destination is frequently incomplete or omitted.

The place of destination is frequently shown only in the address in Chinese characters, but the address in Roman characters should be as complete as the address in Chinese. This is important, and persons offering mail for China should be advised accordingly.

(13) **Parcel Post to British West Indies (Eastern Group).**—Parcel post for the following places—Leeward Islands (Antigua, Barbuda, Dominica, Montserrat, Nevis, St. Kitts, Tortola, Virgin Gorda, Anegada, Jost-Van Dykes), St. Lucia, Barbados, St. Vincent, Grenada, Trinidad, British Guiana, Venezuela—will be despatched only via the United States in future. Such parcels should be legibly marked "Via U.S.A." and FORWARDED TO MONTREAL to be included in the parcel mails which will be made up by that office to be forwarded via the United States, as opportunity offers.

All parcels for the above mentioned destinations should be prepaid at the rates applicable for the United States route.

(14) **Parcel Post for the United States Expeditionary Forces in the Far East.**—Parcels for members of the United States Expeditionary Forces in the Far East are subject to the same postage rates and conditions as parcels addressed for delivery in the United States.

Such parcels should be addressed in care of the Postmaster, San Francisco, California.

(15) **Parcel Post to Australia and New Zealand.**—Parcels for Australia and New Zealand will be despatched via the United States in future.

Such parcels should be legibly marked "Via U.S.A." and FORWARDED TO VANCOUVER to be included in the parcel mails which will be made up by that office to be forwarded via the United States, as opportunity offers.

All parcels for Australia and New Zealand should be prepaid at the rates applicable for the United States route.

INFORMATION FOR POSTMASTERS

(1) Conserve for Victory—We Must Economize.—The successful prosecution of the world-wide struggle demands that the wartime needs of our country be given our first consideration. Materials—equipment—and money must be made available for **ESSENTIALS** and this endeavour must rightfully be considered a most important and urgent requirement of today. To make available the materials and funds requires the practice of the strictest economies from all sources, so that they may be diverted towards Canada's war effort.

The Postal Service, because of the very nature of its World-Wide services is essentially a greater user of material and supplies. The requirements for wartime needs, therefore, challenge every single member of the Canadian Post Office Department to "Conserve for Victory".

This can be effected by economizing most rigidly wherever and whenever possible, to make the much needed materials, supplies, etc., available for our war industries or to make the funds which might otherwise have been expended in purchasing new Postal equipment and supplies, available for Canada's War Chest.

Such conservation entails a conscientious effort by every member of the Service and, moreover, intelligent and unremitting co-operation so that the greatest savings, consistent with the maintenance of smooth and efficient Postal Service, may be carried out.

There is no one in Canada's Postal Service who cannot play his or her part effectively and give genuine assistance to the united effort. To practice wartime economy conscientiously requires careful study and planning. Every phase of the problem of how to keep supplies down to a minimum should be given careful attention—it is a personal duty for each individual employee. Consideration could be devoted with advantage to such subjects as how best to reduce the use of power, fuel, light, etc., and to keep all mechanical equipment in good repair, and thus save replacement or heavy repair bills later.

Each member of the Canadian Post Office should remember that it is his duty to comply with the spirit, as well as the letter, of all suggestions put forward by the Government to this end, and while faithfully carrying out all suggestions, should use intelligent initiative in devising new ways and means of assisting in the general campaign.

The appeal for the strictest economy merits the same wholehearted response from all Postal personnel that they have given to other patriotic endeavours since the outbreak of war.

W. P. MULOCK,

Postmaster General.

INFORMATION FOR POSTMASTERS

(1) **War Savings Stamps Campaign.**—As a result of the renewed campaign to sell War Savings Stamps, the National War Finance Committee anticipate that there will be greater demands on all Post Offices for War Savings Stamps and application forms for War Savings Certificates.

Many thousands of retailers in selected categories such as grocery, drug, confectionery and tobacco stores, etc., are now being appointed official agents for the sale of War Savings Stamps and will be applying to Post Offices for initial supplies.

The National War Finance Committee have asked that stamps and application forms (W.S.1) be readily available at all times and Postmasters are requested to see that adequate supplies are maintained.

Postmasters should take particular care to estimate their requirements as closely as possible and forward requisitions for application forms on their Postal Stores Supply Depots for additional supplies, if necessary. Additional supplies of War Savings Stamps may be obtained by requisition on their Postage Stamp Depot.

(2) **Air Mail Service—Bangor-Moncton.**—Effective June 1, 1942 the Bangor-Moncton Air Mail Service was resumed on the following schedule:

Trip 5 Dy. inc. Sun.		Trip 4 Dy. inc. Sun.	
18.15	Lv. Moncton (A.T.)	Ar.	17.45
18.45	Ar. Bangor (E.T.)	Lv.	15.15
19.15	Lv. Boston	Ar.	11.24
21.12	Ar. New York	Lv.	9.30
21.30	Lv. New York	Ar.	8.48
22.50	Ar. New York	Lv.	7.15

Air mail conveyed over the Bangor-Moncton route is subject to postage at 6 cents first ounce and 5 cents each ounce after (if addressed for delivery in Canada)—6 cents per ounce or fraction (if addressed for delivery in the United States).

(3) **Postmaster's Requisitions for Postage Stamps and Postal Notes.**—To conserve paper and in the interest of economy generally, Postmasters at Accounting Offices are instructed to discontinue the practice of retaining copies of Forms Rev. 36 P.M., and P.N. 51, when requisitioning for new supplies of Postage Stamps and Postal Notes from their Depot.

Similarly Postmasters at Non-Accounting Offices are instructed to discontinue the practice of retaining copies of Form F.B. 5A P.M. when requisitioning for supplies from their Distributing Office.

(4) **New Semi-Monthly Unemployment Insurance Stamps.**—The Unemployment Insurance Commission has decided to issue four new denominations of Unemployment Insurance Stamps, to be known as "semi-monthly" Stamps, and to be of the face values of \$1.00, \$1.11, \$1.24 and \$1.37, respectively. These Stamps are for use by employers whose staffs are paid on a monthly basis, in classes 4, 5, 6 and 7, and as they will not be used for broken periods they will not be rouletted into six sections as in the case of the Stamps already issued.

It is not expected that there will be any demand for these new Stamps at the smaller centres, so that it will not be necessary to make any wide initial distribution. Arrangements are being made to have initial supplies available at the Postage Stamp Depots and Distributing Offices throughout Canada on or about June 14, so that Postmasters requiring them may be able to obtain them by Monday, June 22, the date on which the Unemployment Insurance Commission desires to have them made available to authorized applicants.

Postmasters who have definite knowledge that these new Stamps will be required by authorized applicants are requested to requisition in the usual manner for such initial supplies as may be needed. They should make use of the existing requisition forms F.B. 21 P.M. until new supplies of those forms, providing spaces for the new denominations, are available.

A recent reprint of U.I.C. forms 419 and 420 provides for the new Stamps.

(5) **Armed Forces Air Letter Forms.**—Special ARMED FORCES AIR LETTER forms for sending communications by air mail to members of the Canadian, British and Allied Armed Forces are now available at any Post Office in Canada.

The rate of postage is 10 cents no matter to what place the ARMED FORCES AIR LETTER is addressed.

This rate is applicable ONLY to letters sent on the special forms addressed to members of the Canadian, British and Allied Armed Forces.

(6) **Changes in Airgraph Service.—Messages to Civilians.**—Airgraph messages addressed to civilians in the United Kingdom may now be accepted.

Airgraph Fees for Messages to Civilians:—

(1) When sent by a Civilian..... 15 cents

(2) When sent by personnel of the Canadian, British and Allied Armed Forces serving in Canada..... 6 cents

(NOTE—Rank, Unit and Service must be included in the sender's address).

Messages to Armed Forces in United Kingdom and Middle East:—

Airgraph Fee has been reduced to..... 6 cents

(7) **Mail Bags.**—The Equipment and Supply Branch desires to advise that newspaper and parcel post bags are now being manufactured of plain white duck, the former stencilled "Newspapers" and the latter "Parcel Post". When these bags are received all concerned are requested to see that they are utilized only for the purpose intended.

(8) **Parcel Post to India—Trans-Pacific Route Suspended.**—The parcel post service to India via Vancouver has been suspended.

Parcels addressed to India should be prepaid for despatch via England and routed accordingly.

(9) **Bermuda Air Mail Service.**—Postmasters are informed that the air mail service on the local route between New York and Bermuda has been resumed.

Air mail for Bermuda will, as at present, also be sent by trans-Atlantic planes operating on the southern route from New York via Bermuda and the Azores to Lisbon.

The air mail rate to Bermuda remains the same at 15c. per $\frac{1}{4}$ ounce, or fraction thereof.

(10) **Letters Enclosed in Parcels.**—The United States Postal Administration reports the frequent receipt of parcels from Canada which are found to contain communications of the nature of personal correspondence, in violation of the postal regulations.

The attention of all concerned is therefore directed to the regulations outlined in Section 430, page 79, of the Postal Guide.

"When a parcel posted in Canada or elsewhere, is found to contain a letter or any writing which does not relate wholly to the contents of the parcel and is intended to serve the purpose of a letter in the ordinary sense, such communication is to be left in the parcel and the parcel is to be forwarded to destination, after the wrapper has been marked with the words "Letter Enclosed" and with a charge of double the postage to which the letter would have been liable if it had been mailed separately. When the postmaster of the exchange office concerned notices such a parcel, and it bears the name and address of the sender, he should forward a report giving full particulars to the District Director or District Superintendent as the case may be who will see that the sender is warned against any repetition of his violation of the postal laws."

(11) **Non-Air Mail Service to China Suspended.**—Until further notice, no mail may be accepted for China unless prepaid for transmission by air mail.

The air mail rate is 75 cents for each $\frac{1}{4}$ ounce.

Air Mail letters for China should be endorsed "Via Miami and West Africa". It will be understood that Air Mail letters must not be accepted for the Japanese occupied provinces in China.

(12) **Gift Parcels Weighing 5 lb. or less to the United Kingdom Limited to One per Calendar Month.**—The British Post Office Department advise that the regulations permitting the importation into the United Kingdom, without import licence, of gift parcels not exceeding 5 lb. gross weight are not applicable if such parcels are sent more often than once a month.

If gift parcels are sent too frequently they are liable to be seized and, in order to prevent disappointment to the sender and addressee, the attention of mailers should as far as possible be directed to these regulations of the British Import Authorities.

(13) **Parcel Post for the United States Expeditionary Forces in Iceland.**—Parcels for members of the United States Expeditionary Forces in Iceland are subject to the same postage rates and conditions as parcels addressed for delivery in the United States.

Such parcels should be addressed in care of the Postmaster, New York, N.Y.

(14) **Parcels for Naval Personnel, Addressed c/o Fleet Mail Officer at Halifax or Esquimalt.**—The attention of Postmasters is directed to the fact that the rate of postage on parcels addressed c/o Fleet Mail Officer at Halifax or Esquimalt is 12 cents per lb., up to the weight limit of eleven pounds.

Parcels addressed to shore establishments in Canada are, however, subject to the civilian parcel post rates.

(15) **Parcels Liable to Customs Duty.**—It has been pointed out that considerable public revenue is lost through the fact that postal packets of foreign origin are being delivered to the addressees instead of being diverted to the nearest Customs port, as required by the regulations.

The law imposes the same obligation on postal employees as it does on employees of the Department of National Revenue, to see that all articles of foreign origin are not delivered until the duty payable thereon has been paid to a Customs Officer.

The following provision is contained in Section 107 of the Post Office Act:—

"Every officer, clerk and person employed in the postal service of Canada shall be deemed and held to be employed in the prevention of smuggling and for the enforcement of the revenue laws of Canada, and shall be subject to all the requirements and penalties and entitled to the like protection as that provided for under the Consolidated Revenue and Audit Act and the Customs Act".

It is requested that the greatest possible care be exercised to see that the regulations in regard to this class of mail are strictly observed.

INFORMATION FOR POSTMASTERS

(1) **War Savings Certificates Campaign.**—To Postmasters: In a new effort to increase the sales of War Savings Certificates for urgently required war funds, the Government is asking all Canadian Post Offices to help by "over the counter" sales of War Savings Certificates.

The record of co-operation which Postal personnel has established to date in war work makes it seem almost unnecessary for me to ask for your individual and collective co-operation. You will not, however feel that it is out of way for me to stress the important part each one of you can play in this Nation-wide drive for voluntary funds.

As you are probably aware, the Hon. J. L. Ilsley, Minister of Finance, has made it clear that compulsory savings would not be enough at this present critical juncture of the war and that **VOLUNTARY SAVINGS MUST GO ON INCREASING.**

The sales record of the Postal Service has already placed it in the lead of agencies selling War Savings Certificates—the achievement has won widespread acclaim. I am confident that in the renewed drive for the sale of War Savings Certificates Postmasters will further enhance the enviable record established.

P. T. COOLICAN,
Assistant Deputy Postmaster General.

(2) A New Post Office Established at Watson Lake, Yukon Territory Served by Air Stage Service.—

A new Post Office was opened on July 1st at Watson Lake, Yukon Territory.

This Post Office is served by the White Horse-Watson Lake Air Stage Service (Route 63 in Air Mail Schedules), as follows:

Trip 1			Trip 2		
Mon. Wed. Sat.			Mon. Wed. Sat.		
7.00	Lv.....	White Horse.....	Ar.	19.00	
8.15	Ar.....	Watson Lake.....	Lv.	17.45	

The rates of postage applicable to mail conveyed over the above air stage service are as follows:

First class matter.....3c. first ounce, 2c. each ounce after.

Second class matter.....When mailed by the public, 1c. per 4 ounces or fraction of 4 ounces to each separate address. When mailed from office of publication or from newsdealers to subscribers—4c. per pound.

Third class matter.....1c. per 2 ounces.

Parcel Post.....30c. for the first pound and 25c. for each additional pound or fraction of a pound.

(3) Armed Forces Air Letter Forms.—When handing out ARMED FORCES AIR LETTER forms Postmasters should inform patrons that the letter must be written on the inside i.e., on the blank unprinted portion—of the form itself.

AIR LETTER forms containing letters written on separate pieces of paper or containing any enclosure of any kind whatsoever will not be given air mail transmission, but will be forwarded by ordinary surface mail.

Under no circumstances are ARMED FORCES AIR LETTER forms to be used for corresponding with civilians.

AIR LETTER forms addressed to civilians will be returned to the senders.

AIR LETTER forms may ONLY be used for communicating with members of the Canadian, British and Allied Armed Forces (including the Navy, Army and Air Force) no matter where located.

(4) Airgraph Messages to Civilians in Middle East.—Airgraph messages may now be sent to civilians in the Middle East.

The fee for such messages when sent by a civilian will be 15 cents.

When sent by personnel of the Royal Navy, British and Allied Armed Forces and Royal Air Force serving in Canada, and by members of the Canadian Armed Forces (Active) serving in Canada, the fee will be 6 cents. The rank, unit and service of the sender must be shown in the sender's address.

An Airgraph Poster accompanies this Bulletin and it is to be displayed to advantage in the Post Office lobby.

(5) Airgraph Service.—In a great many cases the postage stamps on Airgraph messages are being cancelled with the steel dating stamp.

Postmasters are requested to refer again to instructions issued by District Offices in November last that a rubber stamp must always be used for this purpose.

(6) Insurance of Tennis and Badminton Rackets.—Postmasters are informed that in future parcels containing tennis or badminton rackets are not to be accepted for insurance unless the items are protected by two stout pieces of wood each a little longer and wider than the racket.

(7) Parcel Post Service to Ivory Coast and Togo (French) Suspended.—The Parcel Post Service to Ivory Coast and Togo (French) has been suspended. A suitable note to this effect should be made opposite the relative entries in the Canada Official Postal Guide.

(8) Parcel Post for the United States Expeditionary Forces in Australia.—Parcels for members of the United States Expeditionary Forces in Australia are subject to the same postage rates and conditions as parcels addressed for delivery in the United States.

Such parcels should be addressed in care of the Postmaster, San Francisco, California, U.S.A.

(9) **Air Mail to Unoccupied China.**—Air mail for Unoccupied China, which is at present despatched by the Miami-West Africa Service and subject to prepayment at the rate of 75c. per $\frac{1}{4}$ ounce, should in future, in addition to the usual endorsement "Via Miami-West Africa", also be marked "By C.N.A.C. from Calcutta."

(10) **Extension of 12c. Rate on Parcels for Members of the Canadian Armed Forces.**—The special rate of 12 cents per pound has been extended to parcels addressed to:—

Members of the Canadian Armed Forces in Labrador and to Members of the Canadian Armed Forces in the United States, when addressed to any Army Post Office destination in the United States.

It should be noted also that the rate on parcels addressed to members of the Canadian, British and Allied Forces in Newfoundland is now 12 cents per pound.

The limit of weight for parcels for the three destinations mentioned above will be 11 pounds.

(11) **Mail Service Suspended to North Borneo, Sarawak and the Philippine Islands.**—All Mail Service is suspended to North Borneo, Sarawak and the Philippine Islands.

(12) **Addressing of Mail to Individuals of Canadian Citizenship Serving in the British Armed Forces.**

PARCELS—

Gift parcels intended for individuals of Canadian Citizenship serving in the British Armed Forces should be addressed in the following manner in order to facilitate duty free entry in the United Kingdom:

Number, rank, name,
Particulars of Unit,
c/o Canadian Auxiliary Services,
No. 6 Dilke Street,
Chelsea, London, S.W. 3.

The above address is to be used on parcels only.

LETTERS—

Letters intended for individuals of Canadian Citizenship serving in the British Armed Forces may be addressed in the following manner:

Number, rank, name,
Particulars of Unit,
c/o Canada House,
Trafalgar Square,
London, S.W. 1.

Trafalgar Square should be included as part of the address in order to avoid confusion with Canada House on the Strand.

Canada House is an accommodation address and it is the personal responsibility of individuals using it to advise Canada House, Trafalgar Square, London, S.W. 1 of all changes in location. If this is not done, delays in delivery of mail will result.

It must be distinctly understood that delivery of letters to Canada House constitutes a complete delivery in so far as the Postal Service is concerned and the responsibility of the Postal Service ceases on such delivery being effected.

The above mentioned instructions do not apply to addressing of mail to members of the Canadian Armed Forces or to members of the R.C.A.F. attached to the R.A.F.

(13) **Redirection of Mail and Telegrams for Armed Forces in Canada—Redirected Mail.**—At some Naval, Military and Air Force camps in Canada undelivered letters and postcards which have to be reforwarded to another address are made up in wrapped packages with a slip on top giving the new address, or are simply placed in bulk in large envelopes which are endorsed with the new address—without each item being separately redirected to the new address as required by Section 261, Postal Guide.

In the case of packages coming undone in transit the letters and postcards are apt to be returned to their original addresses thereby causing delay.

When each piece has been redirected to the new address there is no objection to the redirected mail being tied into unwrapped packages according to the new addresses with a slip on top giving in full the new address applicable to all items therein.

When letters and postcards to be reforwarded to other camps are placed in envelopes, postage is chargeable at letter rate on the bulk weight.

REDIRECTED TELEGRAMS.—All telegrams which have been redirected at a camp and mailed without postage are to be returned to the local office of the Telegraph Company for postage at letter rate.

CAMP AUTHORITIES TO BE ADVISED.—Postmasters will kindly bring the above points to the attention of Naval, Military or Air Force authorities when necessary.

(14) Certificate of disinfection must accompany parcels of second-hand or used clothing addressed to Peru.—The Postal Administration of Peru advise that all parcels originating in other countries and addressed to Peru, containing second-hand or used clothing, must be accompanied by a certificate of disinfection issued by the competent authorities of the country of origin and duly legalized by an official of the Peruvian consular service.

Postmasters will please suitably amend their Postal Guide under Peru on Page 159, and bring this requirement to the attention of the mailers wherever possible.

(15) Return of Undeliverable Foreign Letters.—The inspection Service again draws attention to the necessity for greater care being exercised in the treatment of foreign letters which fail of delivery in Canada. It appears that some Postmasters and Railway Mail Clerks are treating foreign letters as though they should be placed in the mails for direct return to the country of origin.

Undeliverable foreign letters, even those bearing a return address, (other than those originating in Great Britain (including Northern Ireland and Ireland (Eire)), Newfoundland, the United States, Mexico, Switzerland and Argentina) should be forwarded to the District Dead Letter Office or in the case of city Post Offices to the General Superintendent of Postal Service, Ottawa, marked "For Inspection Service".

(16) Prohibitory Order Cancelled:—

Mr. Veggente Indiano, c/o Progresso Italo Americano, 42 Elk Street, New York, N.Y., U.S.A.
Postmasters are informed that the prohibitory order against the above address has been cancelled.

Mr. Whillans.

Any Postmaster who does not receive a copy of the Monthly Supplement each month is requested to notify the Equipment and Supply Branch, Post Office Department, Ottawa

INFORMATION FOR POSTMASTERS**(1) Air Stage Service Prince Albert-Lac La Ronge-Ile à la Crosse (Route No. 54) Discontinued.—**

The Prince Albert-Lac la Ronge-Ile à la Crosse air stage service was discontinued on July 31, 1942, and replaced by the following land services—

Ile à la Crosse and Meadow Lake, via Island Hill, Green Lake, Doré Lake, and Beauval.

Lac la Ronge and Prince Albert, via Montreal Lake.

Ordinary postage rates apply to mail conveyed over the above surface services.

The air stage on route No. 56, Ile à la Crosse-Buffalo-Narrows-La Loche will continue to operate as usual.

(2) Port Radium N.W.T. Post Office Re-opened.—The Post Office at Port Radium, N.W.T., was re-opened on August 1, and this office is served weekly from Edmonton and Fort McMurray, Alberta, over the Mackenzie River, Great Bear Lake, and Lake Athabaska District air stage service.

The rates of postage applicable to mail conveyed to and from Port Radium are as follows:

First and Third Class Matter....3 cents first ounce,
2 cents each ounce after.

Second Class Matter.....When mailed by the public, 1 cent per 4 ounces or fraction of 4 ounces to each separate address.

When mailed from office of publication or from newsdealers to subscribers, 4 cents per lb.

Parcel Post.....70 cents per pound or fraction of a pound.

(3) Yukon Parcel Post—Winter Service.—During the season of closed navigation on the Yukon River, which extends approximately from 1st October to 31st May, parcel post to and from post offices in the Yukon will be suspended, except as under:—

CARCROSS, WHITE HORSE AND CHAMPAGNE—Rates and services the same as during summer.

CARMACKS, FORT SELKIRK (formerly Pelly), MAYO LANDING AND DAWSON.—By Air Stage service at the rate of 30 cents for the first pound or fraction thereof and 25 cents for each additional pound. This rate is applicable from Carcross, White Horse and Champagne in the Yukon and from Canadian points outside the Yukon to the four offices named, and vice versa; and also between any two of these four offices.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon other than the seven offices named above may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the season of closed navigation parcel post matter for the Yukon is accepted only at the rates and within the limits outlined above.

Postmasters will please give this every publicity.

(4) Parcels Prepaid at Parcel Post Rates not Forwarded to Telegraph Creek, B.C., during the Season of Closed Navigation.—Postmasters are informed that during the season of closed navigation, which extends approximately from the 1st October to the 1st April, the weight of mail carried on this route is limited.

In the circumstances, persons tendering parcels for mailing prepaid at parcel post rates for this office should be advised that the parcels will be held at Vancouver during the season of closed navigation.

(5) Post Offices Transferred from Saskatoon to Edmonton Postal District.—Postmasters are informed that, in consequence of the discontinuance of the Prince Albert-Goldfields A.S.S. Route 55, the following Post Offices:

Goldfields, Sask.
Fond du Lac, Sask.
Stony Rapids, Sask.,

hitherto under the jurisdiction of the District Superintendent of Postal Service, Saskatoon, have been placed under the jurisdiction of the District Superintendent of Postal Service, Edmonton, effective the 1st August, 1942.

(6) Restrictions on Newspapers and Periodicals to Conserve Shipping Space.—In order to ensure that all available ocean transportation space is devoted to war essentials, it has been found necessary to take steps to reduce the volume of newspapers to civilians and the troops in the United Kingdom and other trans-Atlantic destinations as well as to destinations in Central and South America, Bermuda, and the West Indies.

Effective 10th August, complete newspapers or periodicals must not be accepted from the general public for transmission to such destinations.

Patrons who desire to mail newspapers or periodicals to destinations affected by this restriction should be requested to forward clippings of special interest instead.

Publishers have agreed to co-operate, and the question of newspapers and periodicals mailed to subscribers to the destinations referred to above, is at present under consideration.

(7) Sale of Unemployment Insurance Stamps.—Postmasters are again reminded that Unemployment Insurance Stamps are to be sold only to casual employers or to employers who give their licence number at the time of purchase.

In all cases when Unemployment Insurance Stamps are purchased Forms U.I.C. 419 or 420 must be completed. Sales must not be made to licensed employers unless their licence number is inserted on the form, and casual employers who are not provided with a licence number must make the following endorsement on the back of Forms U.I.C. 419 or 420:

This is to certify that I am employing.....Book No.....
for a period of.....days only.

Sales to employers who do not carry out these conditions must be refused by Postmasters.

NON-ACCOUNTING POST OFFICE SECTION

(8) **Over-the-Counter Sale of War Savings Certificates.**—The direct or over-the-counter sale of War Savings Certificates to the public is carried on by postmasters at Accounting Offices but not by postmasters at Non-accounting Offices.

Postmasters at Non-accounting Offices who receive requests for this service are requested to direct their patrons to the nearest Accounting Post Office; or to send their applications directly to Ottawa.

The above instructions do not alter in any way the present procedure in regard to the acceptance of applications for Certificates by postmasters at Non-accounting Offices. As previously instructed, these applications when paid for in stamps are to be folded and sealed and forwarded to the Committee at Ottawa, while applications paid for in cash are to be forwarded, under registered cover, to the District Director or Superintendent of Postal Services.

(9) **Rubber Stamp Year Type, and Model Dater Year Bands.**—The Equipment and Supply Branch requests that those concerned **carefully examine** all rubber daters and boxes of type issued for same in order to ascertain if "1943" year type is included. If not, requisition should be made direct to Equipment and Supply Branch for same.

In the case of model daters it is also suggested that an examination be made of this equipment to find out if year "1943" appears on bands, and if not, the dater should immediately be forwarded to Equipment and Supply Branch so that new bands may be placed thereon.

(13) International Reply Coupons.—Advice has been received from the Postal Administration of Bolivia that the International Reply Coupon Service with that country has been temporarily suspended until further notice. The Bolivian Administration will continue to participate in the exchange of Spanish American reply coupons.

It will be in order, therefore, for postmasters to continue to redeem Spanish American Reply Coupons presented at their offices.

(14) Framed Photographs.—Framed photographs must have the glass protected by proper packing. Framed photographs mailed by and to members of the Armed Forces in Canada are being received at Post Offices in Canada in a damaged condition owing to inadequate protection of the glass.

Postmasters are asked to scrutinize such articles carefully when presented for mailing. If the packing appears inadequate the mailer should be warned and strongly urged to repack the photograph.

Photographs or pictures in frames with glass should be protected front and back by STRONG corrugated cardboard, or by stout wooden boards each rather larger than the frame, with soft packing placed firmly between the corners of the frame and the boards but not so as to press on the glass.

A red "Fragile" sticker (Form 7 P.P.) must be affixed to all such parcels.

(15) Certificate of Disinfection must accompany Parcels of Second-hand Clothing addressed to Bolivia.—The Postal Administration of Bolivia advise that all parcels originating in other countries and addressed to Bolivia, containing second-hand or used clothing, must be accompanied by a certificate of disinfection issued by the competent authorities of the country of origin and duly legalized by an official of the Bolivian Consular Service.

Postmasters will please make a note to this effect on page 94, Bolivia, under the heading "Observations" in their copy of the Postal Guide.

INFORMATION FOR POSTMASTERS

(1) **Free Transmission of Sound Reproduction Records for the Use of the Blind.**—Attention is invited to the notice which appeared in the June 1942 Supplement respecting the free transmission of sound reproduction records (talking books) for the use of the blind.

In this connection, Postmasters are informed that these sound reproduction records may now be transmitted in the mails free of postage under the same conditions as books for the blind (see Section 176, page 47, of the Postal Guide).

(2) **Perforated "O.H.M.S." Postage Stamps.**—These stamps are specially perforated for the use of Federal Government Departments in the prepayment of postage as well as the payment of postage due on insufficiently prepaid official mail posted and received by their Head Offices, Branches and Representatives.

Postmasters are warned that letters or other mail prepaid with stamps perforated "O.H.M.S." must be accepted only when posted by or addressed to a Federal Government Department or a Branch or Representative thereof.

(3) **Parcels Prepaid at Parcel Post Rates not Forwarded to Telegraph Creek, B.C., during the Season of Closed Navigation.**—Postmasters are informed that during the season of closed navigation, which extends approximately from the 1st October to the 1st April, the weight of mail carried on this route is limited.

In the circumstances, persons tendering parcels for mailing prepaid at parcel post rates for this office should be advised that the parcels will be held at Vancouver during the season of closed navigation.

(4) **Yukon Parcel Post—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from 1st October to 31st May, parcel post to and from post offices in the Yukon will be suspended, except as under:—

CARCROSS, WHITE HORSE AND CHAMPAGNE—Rates and services the same as during summer.

CARMACKS, FORT SELKIRK (formerly Pelly), MAYO LANDING AND DAWSON.—By Air Stage service at the rate of 30 cents for the first pound or fraction thereof and 25 cents for each additional pound. This rate is applicable from Carcross, White Horse and Champagne in the Yukon and from Canadian points outside the Yukon to the four offices named, and vice versa; and also between any two of these four offices.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon other than the seven offices named above may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the season of closed navigation parcel post matter for the Yukon is accepted only at the rates and within the limits outlined above.

Postmasters will please give this every publicity.

(5) **Correct Addressing.**—On numerous occasions attention has been called to the number of articles going to the Dead Letter Office on account of insufficient addressing, non-payment of postage, etc.

One of the greatest sources of faulty addressing is the use of inaccurate mailing lists and every business man should keep constantly before his clerks the slogan: "KEEP YOUR MAILING LISTS UP TO DATE".

This is essential not only to prevent waste, but also because of the effect on the addressee of receiving carelessly addressed or otherwise badly prepared pieces of mail. Experienced business men agree that the mailing list is a fundamental of success in any distribution of printed matter by mail. Without an accurate mailing list, an advertising campaign cannot be efficiently conducted. Particular care should be taken to see that the name is correctly spelled, that the full Christian name or initials are used and that no attempt is made to economize in addressing by leaving off any portion of the address. This is a false economy because the effect on the prospective customer of faulty spelling of a name or other indication of slipshod methods is sure to be anything but favourable. If an article is worth mailing it is worth receiving the best of attention in the way of full address, etc. If the addressing is done by a firm's own employees, the management should see that the lists are kept up to date and that every piece of mail is checked before despatch; if the mailing is undertaken by firms engaged in handling mailing campaigns, then the advertiser should see that his work is given to a reliable concern and not merely to one which quotes the lowest price for addressing. A loss of one or two prospective customers will usually more than offset any slight saving which might be effected by taking inferior work.

Postmasters should bring the above to the particular attention of firms engaged in the preparation of their mailing lists and in this connection it may be pointed out that Post Office rural directories will be of valuable assistance in such work. These directories contain the names and occupations of householders and roomers receiving mail at Post Offices and on rural routes, excluding offices covered by private directories. They are prepared according to geographical units known as Electoral Districts and are sold at \$1.25 each. In this way there is considerable advantage to firms who wish to make geographical separations or restricted mailings within well-defined areas. Business men will find these directories not only a complete mailing list in themselves, but very valuable for use in correcting existing ones.

(6) Addressing of Mail to Individuals of Canadian Citizenship Serving in the British Armed Forces.—

PARCELS—

Gift parcels intended for individuals of Canadian Citizenship serving in the British Armed Forces should be addressed in the following manner in order to facilitate duty-free entry into the United Kingdom:

Number, rank, name,
Particulars of Unit,
c/o Canadian Auxiliary Services,
No. 6 Dilke Street,
Chelsea, London, S.W. 3.

THE ABOVE ADDRESS IS TO BE USED ON PARCELS ONLY.

LETTERS—

Letters intended for individuals of Canadian Citizenship serving in the British Armed Forces *may* be addressed in the following manner:

Number, rank, name,
Particulars of Unit,
c/o High Commissioner for Canada,
Trafalgar Square,
London, S.W. 1.

The above mentioned is an accommodation address and it is the personal responsibility of individuals using it to advise the High Commissioner for Canada, Trafalgar Square, London S.W. 1, of all changes in location. If this is not done, delays in delivery of mail will result.

It must be distinctly understood that delivery of letters to the above address constitutes complete delivery in so far as the Postal Service is concerned, and the responsibility of the Postal Service ceases on such delivery being effected.

THE ABOVE MENTIONED INSTRUCTIONS DO NOT APPLY TO ADDRESSING OF MAIL TO MEMBERS OF THE CANADIAN ARMED FORCES OR TO MEMBERS OF THE R.C.A.F. ATTACHED TO THE R.A.F.

(7) **Air Mail Rates to West Indies and South America.**—An increasingly large proportion of air mail letters for the West Indies and Central and South America is not properly prepaid.

Postmasters are reminded that the air mail rates to those countries are as follows:

West Indies, British Guiana, Mexico, Cuba, Central America.....10c. each $\frac{1}{2}$ ounce.
Bermuda.....15c. each $\frac{1}{2}$ ounce.
South America—

(a) Colombia, Ecuador, Venezuela, Dutch Guiana and French Guiana.25c. each $\frac{1}{2}$ ounce.

(b) Argentina, Bolivia, Brazil, Chile, Paraguay, Peru and Uruguay...35c. each $\frac{1}{2}$ ounce.

(8) **No Airgraph Service to South Africa.**—All concerned are asked to note specially that there is no Airgraph Service in operation either to civilian or military addresses in the Union of South Africa.

Airgraph messages addressed to South Africa are not to be accepted until further notice, and persons attempting to mail such messages should be warned that there is no Airgraph Service to South Africa in operation at present.

(9) **Air Mail Posted by Troops in India.**—The Postal Administration of India have advised that air mail letters posted by troops in India are now being accepted for transmission to civilian addressees in Canada at a special rate of 8 annas for a weight not exceeding one-half ounce.

In the circumstances, any such correspondence received in Canada from troops in India prepaid at the above rate may be delivered without surcharge.

(10) **Gifts for Canadian Troops in India Admitted Duty Free.**—Advice has been received that gifts for members of the Canadian Army stationed in India are admitted into India free.

It should be specially observed, however, that this concession is not available to Commissioned Officers, and does not apply in any case to tobacco, cigarettes and spirits, which are dutiable.

(11) **Letters to Prisoners of War in the Far East.**—Reference is made to a notice in the September Supplement regarding communication with prisoners of war in Japanese-occupied territories, in which it was indicated that the name and address of the sender should appear on the back of all letters for these prisoners.

It should be noted, however, that if the sender is serving with the British or allied forces, whether in Canada or abroad, he must on no account give the address of the unit; instead, the address of a relative or friend should be given, who would be willing to send on any letters received from the prisoner.

(12) **Personal Postal Messages to Japanese-occupied China and Hong Kong.**—The service for personal postal messages to enemy and enemy-occupied countries has now been extended to occupied China and Hong Kong.

(13) **Postage on Parcels for Members of the Canadian Firefighters Corps in the United Kingdom.**—Parcels for members of the Canadian Firefighters Corps in the United Kingdom may now be accepted at the rate of 12c. for each pound, or fraction thereof, up to a weight limit of 11 pounds.

Such parcels are not to be insured.

(14) **Restrictions on Mail Routed via United States to other Countries.**—The United States Post Office Department advise that under present arrangements, mail (including parcel post) for British Honduras, Guatemala, the Republic of Honduras and El Salvador is now forwarded to destination overland via Mexico.

Attention is, therefore, particularly directed to the fact that the restrictions as imposed in May 1942 on the weight, size and frequency of despatch of mail matter from Canada via the United States to other countries will not apply to mail (including parcel post) posted in Canada and forwarded via the United States to the COUNTRIES INDICATED ABOVE.

(15) **Direct Parcel Post Service to Ireland (Eire) Suspended.**—Postmasters are informed that the direct parcel post service to Ireland (Eire) has been suspended.

In future all parcels for Ireland (Eire) will be routed via England and should be prepaid at the rate applicable for transmission by that route.

(16) **Direct Parcel Post Service to Australia and New Zealand Resumed.**—Postmasters are informed that the direct parcel post service to Australia and New Zealand, which was temporarily discontinued, is resumed.

(8) **Outpost Island, N.W.T., Post Office Closed.**—The Outpost Island, N.W.T., Post Office, formerly served by the Mackenzie River Great Bear Lake and Lake Athabaska District Air Stage Service, has been closed as from September 30, 1942.

In future, mail intended for delivery at Outpost Island should be forwarded to Fort McMurray, Alta.

(9) **Fresh Fruit not to be enclosed in parcels mailed to active forces serving in Canada.**—Reports reveal that parcels containing fresh fruit—tomatoes, pears, plums, etc.—addressed to members of the Active Forces in Canada are frequently received in damaged condition—the cause over-ripe fruit.

Such perishable fruits not only damage the other contents of the parcel but also other mail matter with which they come in contact.

Postmasters' attention is directed to Section 138 of the Postal Guide, the last paragraph of which stipulates that parcels containing goods likely to spoil within the time reasonably required for transportation and delivery, must not be accepted for mailing.

(10) **Postmasters to keep up Supply of War Savings Stamps.**—On several occasions lately it has happened that persons desiring to purchase War Savings Stamps have been unable to do so because Postmasters have had none on hand. Every Postmaster in Canada has been provided with facilities for keeping War Savings Stamps on hand, and in the case of non-accounting Offices Credit Supplies have been issued. If these are not sufficient to meet the requirements, application for an increase should be made. In any case, Postmasters should requisition for new supplies whenever their credits are reduced by about one-third, or whenever the requirements may necessitate it.

(11) **Airgraph Messages for South Africa.**—Airgraph messages addressed either to members of the Armed Forces or to civilians in South Africa may now be accepted.

The notice in the October Supplement to the Canada Official Postal Guide, headed "NO AIRGRAPH SERVICE TO SOUTH AFRICA" is hereby cancelled.

(7) **Gifts for Canadian Armed Forces Stationed in United States Territory Admitted Duty Free.**—Advice has been received that gifts for members of the Canadian Armed Forces stationed in United States territory will be admitted into that country duty free.

In this connection attention is specially directed to the fact that in order to secure this privilege, senders in Canada should endorse such parcels:

"For Personal Use of Member of Canadian Armed Forces."

(8) **Mail Service to British Somaliland, Ethiopia and the Occupied Territories of Eritrea and Italian Somaliland.**—Letters and postcards may now be accepted for despatch to British Somaliland, Ethiopia and to the occupied territories of Eritrea and Italian Somaliland.

The rates of postage to British Somaliland are:

Letters..... 3 cents for the first ounce and 2 cents each additional ounce.

Letters..... 5 cents for the first ounce and 3 cents each additional ounce.

Postcards..... 3 cents each single card.

(9) Rate on Letters from Troops in India.—The Postal Administration of India advise that a special rate of 2½ Annas for the first ounce has been granted for letters intended for surface conveyance, when posted by the troops in India.

In the circumstances, any such correspondence received in Canada from Troops in India prepaid at the above rate may be delivered without surcharge.

(10) Postage Privileges for Members of the Canadian Fire Fighters Corps in the United Kingdom.—Members of the Canadian Fire Fighters Corps in the United Kingdom have been granted the same postal privileges as apply to members of the Armed Forces Overseas.

Not only may parcels be accepted at the rate of 12 cents per pound but Armed Forces Air Letters may also be sent to the above mentioned personnel. The Airgraph rate of 6 cents per message also applies.

(11) Communication with Prisoners of War and Civilian Internees in Japanese-Occupied Territories.—Further reference is made to a notice in the September Supplement regarding communication with prisoners of war in certain Japanese-occupied territories.

It should be specially noted that, for the present, letters and postcards cannot be accepted for service personnel whose last known location was Java or Sumatra.

Postmasters are asked to bring the above to the attention of prospective mailers wherever possible.

(12) Restriction on the Importation of Goods into the Union of South Africa and Southwest Africa for Trade Purposes.—The importation into the Union of South Africa and Southwest Africa by regular (Postal Union) mail or parcel post of any goods for trade purposes, that is, for the purpose of resale or of being manufactured or processed for resale, is prohibited except under a special permit issued by the Controller of Imports in the Union of South Africa. These special import permits will be retained by the importers in the Union of South Africa and Southwest Africa for presentation to the proper authorities when the merchandise is cleared in those countries.

On and after October 15th, 1942, parcels presented for mailing to the Union of South Africa or South-West Africa containing merchandise requiring the production by the addressee of a special import permit shall not be accepted for mailing unless the sender has been informed by the addressee that the latter has obtained the special import permit from the competent authorities in the Union of South Africa. The wrappers of such parcels shall be endorsed by the sender with the words "SPECIAL IMPORT PERMIT (to be followed by the number) OBTAINED BY ADDRESSEE".

Senders of parcels presented for mailing to the Union of South Africa or South-West Africa containing articles which do not require the production by the addressee of a special import permit shall endorse the wrappers of their parcels "NOT FOR TRADE PURPOSES".

Parcels for the Union of South Africa and South-West Africa received at the despatching exchange office not bearing one of the two endorsements mentioned above will be returned to the senders.

The above supersedes all previous instructions regarding importations of merchandise and other articles into the Union of South Africa by mail or parcel post.

The provisions of this notice are not to be considered as modifying the restrictions for export licence nor the following restrictions already in effect:

1. No parcel shall be accepted for mailing if it exceeds 11 lb. in weight and 18" in length or 42" in length and girth combined.
2. Not more than one such parcel shall be accepted for mailing in any one week when sent by or on behalf of the same person or concern to or for the same addressee.
3. Perishable matter, regardless of weight or size as set forth in paragraph 1, shall not be accepted for mailing.

(13) Certificate of Disinfection must accompany Parcels of Second-hand or Used Clothing addressed to the Republic of Honduras.—The Postal Administration of the Republic of Honduras advise that all parcels originating in other countries addressed to the Republic of Honduras, containing second-hand or used clothing, must be accompanied by a certificate of disinfection issued by the competent authorities of the country of origin.

Postmasters will please make a note to this effect on page 127, Republic of Honduras, under the heading "Observations" in their copy of the Postal Guide.

(14) Parcel Post for Ireland (Eire)—Restrictions.—Due to the fact that the present very large volume of parcel post addressed to Ireland (Eire) threatens to interfere with the expeditious movement of vital necessities, the following restrictions, effective AT ONCE, have been ordered, as a military necessity, on parcel post for Ireland (Eire):

1. No parcel shall be accepted for mailing if it exceeds 11 lb. in weight and 18" in length or 42" in length and girth combined.

Postmasters are informed that the prohibitory orders against the above have been cancelled.

(16) Racing Tips:

Paddock Turf Weekly, 307 Fifth Avenue, New York, N.Y., U.S.A.

Racing tip literature mailed by the above has been observed in the Canadian mails, and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted addressed to the above and all mail addressed to or coming from this address is to be stopped, marked "Suspected to be of a fraudulent character" and sent specially by first mail to the General Superintendent of Postal Service (for Inspection Service), Ottawa.

Money Orders are not to be made payable to the above.

MONEY ORDER INFORMATION

MONEY ORDER, POSTAL NOTE, AND BRITISH POSTAL ORDER REQUIREMENTS

With the approach of the Christmas season, and the consequent increase in the volume of Money Order and Postal Note business, the Postmaster's attention is invited to the following requirements:

(1) Requisition should be made for an adequate supply of Money Order forms, Postal Notes, Application forms (M.O. 1 P.M.) and Advice forms (M.O. 27 P.M.).

(2) Office number must be stamped on new style non-domiciled Money Order, Coupon, Postmaster's stub and Remitter's receipt. A reasonable number of blank forms may be stamped in advance.

(3) When reporting the issue of new style non-domiciled Money Orders, the serial number of the last Order reported issued in the previous Return must be written in full in the space provided at the top of the Return. The last three figures only of the serial number of the first Order need be entered on one of the first ten lines to correspond with the last figure of the serial number and continued thereafter at every ten or multiple of ten.

(4) Money Orders drawn for payment outside Canada must be issued in accordance with the Foreign Exchange Control Board regulations, and only for such purposes as authorized by the Board. See Fourth Revision, effective April 30, 1942, Section 14, of "Instructions to Postmasters Regarding Their Duties under Foreign Exchange Control Order and the Regulations of the Foreign Exchange Control Board."

(5) Money Orders issued in Canada for payment in the United States and dependencies are payable for their face value in United States money. Exchange must be collected from the remitter at the time of issue to cover the premium on New York funds. The exchange must be reported with the commission in the Money Order Return in the column for commission.

(6) Money Orders drawn for payment in the United States must show the name of the office and the State in which it is located.

(7) If repayment is effected to the senders of Money Orders drawn on United States and dependencies, the amount collected as exchange is to be refunded in addition to the face value of the Order. (See Monthly Supplement to Canada Official Postal Guide, April, 1940).

(8) In regard to Orders issued for payment to members of the Canadian Army overseas, including air, land and sea forces, the full regimental number, including prefix letter, rank, name and full military designation such as Company, Squadron, Battery, Holding Unit, full name of Regiment or Service, Canadian Army Overseas, must be indicated on the relative Advice. (Amount to payee not to exceed \$10.00 in any one day.) In the case of Orders issued for payment to civilians in Great Britain as well as Orders issued in favour of members of the Canadian Army Overseas the Order with coupon attached and the relative Advice must be forwarded to the Exchange Office at Ottawa in Envelope M.O. No. 9 P.M.

(9) Postal Notes only may be issued in favour of members of the Canadian Army in Iceland, Newfoundland and British West Indies. (See Post Office Weekly Bulletin of 31st August, 1940.)

(10) All Money Orders and Postal Notes paid or repaid must be receipted before being claimed against the Department.

(11) British Postal Orders are payable in Canada only if they are sent by a Canadian soldier, seaman, or airman, or a member of the Newfoundland forces overseas. Before paying such Orders, a statement must be obtained from the payee and recorded on the reverse of the Order to the effect that it was received from a member of the Canadian or Newfoundland forces overseas even if the Order bears the date stamp of a Field Post Office or that of the Admiralty. The name and military address of the sender must also be shown on the reverse of the Order. This procedure applies also to British Postal Orders presented by British soldiers or members of the R.A.F. serving in Canada and are not to be paid if remitted by a civilian or a member of the Imperial forces, or any soldier, sailor or airman other than Canadian or Newfoundland personnel. Until further notice British Postal Orders are converted at the rate of \$4.43 equals one pound sterling.

CORRECT NAME OF COUNTRY OF PAYMENT MUST BE SHOWN IN MONEY ORDER RETURN

In the examination of Postmasters' Money Order Returns it is found that in many instances the name of the country of payment is incorrectly given; particularly Orders drawn on Great Britain and Northern Ireland, for amounts of \$5 and under where the name of the country of payment is shown as Canada instead of Great Britain or Northern Ireland. In many cases the error is caused by dittoing the name of the country immediately preceding it.

As the domestic rate of commission for amounts of \$5 and under is the same as the rate for Orders on Great Britain and Empire countries, it is not possible to detect the irregularity in the Money Order Return.

In order to obviate unnecessary delay in payment, Postmasters must ensure that the correct name of the country of payment is shown in the Money Order Return.

REMITTANCES TO CHINA

Intimation has now been received from the Bank of China, New York, N.Y., U.S.A., that until further notice, remittances will not be accepted for payment in the Districts of Sunwei and Chungshan in the province of Kwangtung, China.

Money Orders, therefore, must not be issued for payment in the Districts of Sunwei and Chungshan in the province of Kwangtung and Postmasters will please advise applicants accordingly.

INFORMATION FOR POSTMASTERS

(1) **Intensify War Savings Campaign Promotion.**—Although the Third Victory Loan Campaign is over, Canadians still have the obligation to continue to loan their earnings or savings to Canada's War Chest, through purchasing War Savings Certificates and Stamps.

Every Postmaster has a personal duty to encourage his patrons to buy their War Savings Certificates and Stamps at his Post Office and to seize every opportunity to increase his sales.

The approach of the holiday season offers you the chance to do so, by reminding your patrons that a War Savings Certificate is the very best form of Christmas present.

The purchaser performs an essential duty in helping provide his country with the guns, planes, tanks, ships, munitions and all other supplies so urgently required to win the war.

From the standpoint of the recipient, what could be a more acceptable Christmas gift than a gilt-edged Government-backed security that constantly increases in value.

Postmasters, who have given such laudable support in the past to the War Savings Campaign are called upon today to intensify their efforts and to re-dedicate themselves to the task of surpassing all their previous records.

Our Fighting Services require more and ever more weapons and supplies. More and more War Savings Stamps and Certificates must be sold to meet the requirements. The situation challenges each to measure up to the present need as enthusiastically as in the past and to slacken no effort in promoting the War Savings Campaign.

The National War Finance Committee has provided special Christmas cards, publicity material and forms to facilitate the use of War Savings Stamps and Certificates as Christmas gifts.

(2) **Certain Letters to be entered in the Registration Records and a Receipt to be Obtained on Delivery.**—Some years ago, the Dominion Bureau of Statistics, Ottawa, adopted the practice of mailing certain letters as ordinary mail in envelopes bearing the following instructions to Postmasters: "IMPORTANT NOTICE TO POSTMASTERS. This letter is to be entered in your Official Registration Records, and a receipt obtained on delivery".

This procedure has worked out satisfactorily and, with a view to curtailing the tremendous volume of registered mail posted by Government Departments at Ottawa, arrangements have been made with the Annuities Branch of the Department of Labour to adopt the same practice and use similar envelopes in sending out their Annuity cheques.

Postmasters are requested to be careful to see that all such letters received at their offices are entered in their official registration records and a receipt obtained before delivery to the addressees.

(3) **The New 16c. Air Mail and Special Delivery Stamp not to be used for the payment of Ordinary Postage.**—Reports reach the Department that the recently issued 16c. Air Mail and Special Delivery Stamp is being used on registered air mail letters and parcel post.

In this connection the attention of Postmasters is directed to Section 233 of the Postal Guide. As a 10c. Special Delivery Fee is included in the above, this stamp must not be used for the payment of ordinary postage.

(4) **Charlottetown-Magdalen Islands Winter Air Stage Service.**—The Charlottetown-Magdalen Islands Winter Air Stage Service is expected to commence early in January, 1943. The closing of navigation will be on or about December 25, 1942.

Postmasters are reminded that parcel post mailed too late to connect with the last sailing to the Magdalen Islands will be liable to the following air parcel rates of postage.

15 cents per pound or fraction of a pound up to and including 10 lb.

\$1.80 per parcel over 10 lb. up to and including 15 lb.

\$2.40 " " 15 lb. " " 20 lb.

\$3.00 " " 20 lb. " " 25 lb.

The above instructions must be strictly observed.

(5) **Rates of Postage on Parcels Addressed to the Armed Forces in Canada.**—Postmasters are reminded that parcels addressed to the Armed Forces in Canada are subject to ordinary parcel post rates. In no case, however, is the charge on such parcels to exceed 12c. per pound.

(6) **Changing of Date-Stamp.**—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1943".

(7) **Calendars—To be Carefully Handled.**—At this time of year business firms are preparing to mail quantities of calendars to clients and prospective customers throughout the country. The calendars are, in many cases, printed at considerable expense and are valuable not only to the recipient but to the business firm as an advertising medium.

It is important, therefore, that the calendars should be delivered carefully and Postmasters are requested to exercise care in the handling of these items during the course of post.

In the event of delivery not being effected and the calendar bears a return address on the cover, the calendar should be returned to the sender.

(8) **Airgraph Messages may be Enclosed in Envelopes and Dropped in Letter Boxes.**—Although it is preferable that Airgraph messages be handed in unfolded to the Post Office, nevertheless, when the senders so desire, messages may be placed in envelopes and mailed in any official post office receptacle.

Where Airgraph messages are mailed in envelopes, the following must be strictly observed:—

1. The fee is to be prepaid by postage stamps affixed to the back of the Airgraph form.
2. The envelope containing the message is to be simply addressed "AIRGRAPH"—no other indication of any kind.
3. No postage is necessary on the outside envelope. The Airgraph fee must be affixed to the form.

Notwithstanding the fact that Airgraph messages may be mailed in sealed envelopes, it is preferable wherever possible, that the forms be handed in unfolded at the Post Office as in such cases the messages can be more expeditiously treated and a much clearer photograph is likely to result.

(9) Acceptance of Interest Coupons on Dominion of Canada Bearer Bonds.—Hereafter interest coupons on Dominion of Canada Bearer Bonds are to be accepted in lieu of cash at all post offices. It will be necessary, however, for postmasters to have form 600, Ownership Certificate, completed by the owner. Supplies of form 600, when required, may be obtained by postmasters from their District Director or Superintendent.

In the case of accounting offices, the postmaster shall attach form 600 to the coupon and include both in his remittance to bank on post office account.

Postmasters at non-accounting offices shall forward the coupon with attached certificate to their distributing office for the purchase of new supplies of postage stamps, postal notes, etc., when required.

The above instructions apply only to interest coupons on Dominion of Canada Bearer Bonds, and not to any other coupons whatsoever.

(10) Twine Shortage.—The Equipment and Supply Branch advise of an existing shortage of jute and cotton twines and as the demand far exceeds the supply on hand it will be necessary for Postmasters and all employees to exercise the greatest economy in the use of stock on hand, particularly in view of the approaching busy period.

Bundles and packages of mail matter are to be tied with a minimum quantity only to assure security and the attention of all employees is to be directed to the importance of conservation.

(11) "All Out" Effort Imperative in Returning Empty Bags to Depositories.—Postmasters can perform a valuable service as one phase of their "all out" war effort by sending all surplus empty mail bags to nearest depository without delay.

With the approach of Christmas, this year, more than ever before, every single mail bag is urgently required to carry the enormous quantity of mail which is already flowing into Post Offices.

This is an urgent appeal to Postmasters to return empty mail bags to nearest depository so that the Department will be able to utilize every available bag to handle the Christmas rush.

The chief reason for the shortage felt at present is the enormous quantity of bags now required to carry mail to our Overseas Forces. War time conditions, too, have further complicated the situation in rendering it impossible to purchase sufficient materials and fittings for new bags.

Postmasters can render valuable assistance in meeting the urgent need by return of empties without delay.

(12) Cancelling of Postage Stamps on Parcels.—Postmasters are reminded that postage stamps on parcels should be properly cancelled. It is noted that in some instances the stamps are not cancelled or in cases where the roller hand-cancelling stamp is used the stamps are missed or very lightly touched.

The above is noted particularly in connection with parcels the contents of which are of a pliant nature such as packages containing wool, silks and other matter of a light nature.

Stamps poorly cancelled may easily be removed and illegally used a second time, resulting in a serious loss of revenue. Postmasters are therefore requested to see that the postage stamps on parcels are properly cancelled before the parcels are despatched.

(13) Perishable Articles to be Kept from the Heat.—The attention of the Service is once more directed to the harmful effect of heat on many articles sent through the mails. This warning is repeated because with the commencement of cool weather, post offices and railway mail cars will be heated and care will therefore have to be exercised in the piling of bags containing articles liable to injury by heat. Parcels containing such articles should be distinctly labelled "Perishable" and the bags in which they are placed similarly marked. Under no circumstances should these "Perishable" parcels or bags be placed in close proximity to the heating apparatus.

(14) No C.O.D. Service to Goose Bay, Labrador.—The District Director of Postal Services, Montreal, reports the frequent receipt of C.O.D. parcels originating at various Post Offices and addressed for delivery in Goose Bay, Labrador.

Postmasters are informed that there is no C.O.D. service to Goose Bay, Labrador, and any such parcels received should be returned to the senders accompanied by an appropriate explanation.

(15) Regulations Concerning Communication with Prisoners of War Interned Abroad.—These regulations have now been amended to allow the inclusion of the following food items in parcels sent to Prisoners of War by their next-of-kin:—

- (1) Dehydrated fruits and berries up to one pound in weight.
- (2) Dehydrated soups up to one-half pound.
- (3) Shelled nuts up to one pound.
- (4) Hard chocolate and/or cocoa up to two pounds.
- (5) Coffee up to one pound.
- (6) Tea up to one-quarter pound.
- (7) Sugar or hard candies up to two pounds.
- (8) Dried chipped beef up to one-quarter pound.
- (9) Spices up to two ounces.
- (10) Curry powder up to two ounces.

Such items will be in addition to the permissible articles already listed in the printed regulations, dated March, 1941, issued by this Department. The maximum weight of each parcel will, however, remain at 11 pounds, as formerly.

Senders may not substitute one food item for another in their parcels. for instance, they may not enclose an extra pound of chocolate to replace a pound of nuts.

The individual items should be packed, as far as possible, in cellophane bags; but paper containers or thin wooden boxes (the latter preferably with sliding tops) may be used, if necessary, for proper packing.

In making up the parcels it should be remembered that they will undergo thorough examination by the German or Italian censorship. In order to avoid undue delay in delivery the contents should therefore be arranged so that their examination will not be made unnecessarily difficult.

Where possible, the contents should be placed in strong cardboard boxes and wrapped in heavy paper. It has been found that numbers of parcels are still being damaged in transit as the result of improper packing.

Attention is also directed to the following changes with respect to the non-food items permitted: Since markings of any kind are regarded by enemy censors as possible communications in code, plain linen or canvas for embroidery should not carry patterns. Only striped pyjamas should be included in parcels to combatant prisoners of War in Germany, since it is claimed by the German authorities that suits of plain colour have been used as civilian clothing in attempts to escape.

Combs or brushes and such personal items should, where possible, be made of wood or plastics rather than of metal.

The new regulations will in no way affect the present arrangement by which relatives and friends of prisoners, subject to the control of the postal censorship, may send books, games and tobacco from licensed firms without restrictions as regards next-of-kin or frequency of mailing.

(16) Air Mail Restrictions.—The United States Post Office Department has requested that air mail forwarded via the United States to Europe, Africa, Asia and Hawaii be confined to letters in their usual and ordinary form not exceeding two ounces in weight. This, of course, eliminates the acceptance of merchandise, prints, etc.

Postmasters and all concerned will please note and take any necessary steps to ensure compliance with the requirements of the United States Administration.

(17) Airgraph Messages for South Africa.—Airgraph messages addressed either to members of the Armed Forces or to civilians in South Africa may now be accepted.

Notice No. 8 in the October, 1942, Supplement to the Canada Official Postal Guide headed "NO AIRGRAPH SERVICE TO SOUTH AFRICA", is cancelled.

(18) Armed Forces Air Letter Forms.—The Department has received information to the effect that the Armed Forces Air Letter Forms which are to be used for sending communications by air mail to members of the Canadian, British and Allied Forces Overseas, and for which the rate of postage is 10c., are being used wrongly in some cases for correspondence with prisoners of war interned abroad resulting in unnecessary delay, as such forms when used as indicated are returned to the senders.

It should be specially observed that there are air letter cards (10c.) at present available for correspondence with prisoners of war in Germany and Italy only, and that the Armed Forces Air Letter Forms must not be used for this purpose. Air mail addressed to prisoners of war interned in other countries must be prepaid at the regular air mail rates applicable.

Postmasters will please bring the above to the attention of mailers wherever possible.

(19) Mail Addressed to C.A.P.O.'s 1, 2, 3, 4 or 5.—Complaints continue to be received by the Department that Postmasters refuse to accept mail for the Armed Forces addressed in the following manner:

Number, rank, name,
Unit,
C.A.P.O. 1 (2, 3, 4 or 5),
Canadian Army Overseas.

All concerned are advised that the designation "C.A.P.O. 1, 2, 3, 4 or 5" provides sufficient information to effect delivery of the mail, and mail so addressed is not to be refused.
